

Crochet Bloomers

MarieMadeIt

Materials

- 5mm crochet hook
- Measuring tape
- Darning needle
- Stitch markers
- scissors
- YARN: Any weight 4 acrylic yarn

(I used *big twist*. *Value pound* will be more than enough or 2-3 skeins of *big twist value* yarn.)

Terminology

- HDC: Half double crochet
- HDC BLO: Half double crochet back loop only
- SL: Slip stitch
- 3HDC INC: 3 Half double crochets into one space
- DC: double crochet
- DC INC: 2 double crochets into 1 st.

NOTES

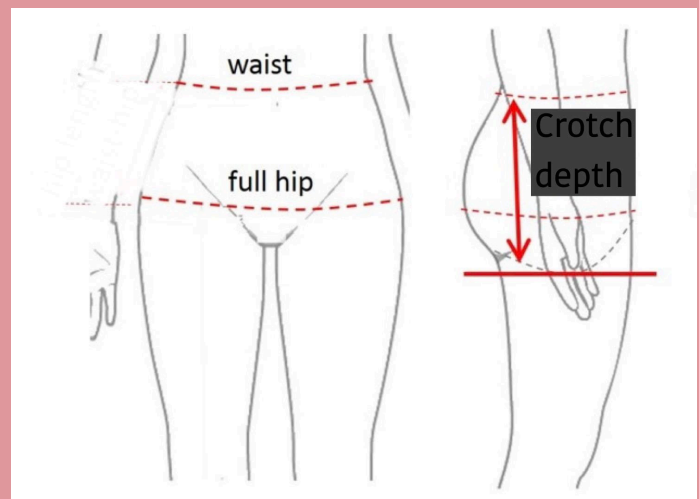

- This pattern is made to measure! If you upload/sell your finished product please tag me at @Mariemadeit__ for pattern credit.

Measurements

Measurement A: Waist measurement

Measurement B: Hip measurement

Measurement C: Crotch depth

Waist band:

Row 1:

Chain 8 plus a turning chain. (9st)

*This will be the width of the waist band. Chain more or less depending on desired width of waistband.**

Row 2:

skip one st & hdc in each st across.

Chain 1, turn your work. (8st)

Row 3:

Hdc blo in each st across.

Chain 1, turn.

Row 4:

Repeat row 3 until you reach measurement “A”. *Make sure your waist band is slightly stretched when measuring *

Once you reach measurement “A” hold both ends together and sl in each st across, closing your waist band.

Chain1, turn.

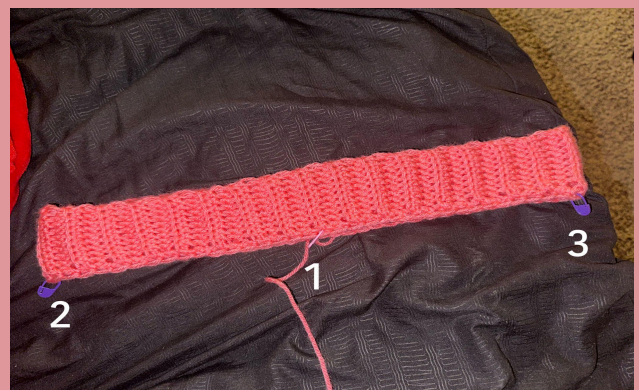

Body:

Row 1:

hdc inc in each st around.

Sl into chain 1 sp to close. Chain 1, turn your work.

Now we will place our stitch markers.

Count the number of st around. Divide that number by 2.
(EX: I have 132st around. $132/2=66$. The 66th st will be my middle stitch for splitting the legs.) Place a st marker here.

Now take your starting st number again and divide by 4.
(EX: $132/4=33$)

Starting from the chain 1 sp I count (33) & place a st marker. Now do the same from the starting chain but counting the opposite direction. Place another st marker. These will be where we will inc to reach our hip measurement. (measurement B).

Row 2:

Hdc blo in each st across. Sl into chain 1 sp. Chain1, turn.

Row 3:

Hdc blo in each st until 1st st marker. 3hdc into st marker sp, Place st marker into that middle st. continue hdc blo.

At next st marker which should be your middle marker, only place 1 hdc blo, place your marker back into that sp & continue until next st marker. 3hdc inc into martker sp, place marker into middle st & continue until end of row. Sl into chain 1 sp. Chain 1, turn.

Row 4:

Repeat rows 2 & 3 until your measurement reaches your hip measurement.
(Measurement B).

Once youve reach measurement B, continue regular
Non inc rows until you reach Measurement C.

Legs:

Now we will split the legs.

Start by making a chain long enough to reach from the back of your shorts to the front.
(EX: I chain 17 for a size large)

Once you've reached the length of your chain, sl into the front middle stitch, which should have a st marker in it.

**We will be working each leg separately.*

Chain 1, turn.

Row 1:

Hdc blo around. Sl st into chain 1sp.

Row 2:

Repeat row 1 until youve reached your desired length. ** keep in mind the dc row at the end will add aprox 1in to this length**

(EX: I always do 5 rows, But do more or less to reach the length desired).

Once you've finished your hdc rows we will start our ruffles.

Row 1:

Chain 2, Dc Inc in each st around. Sl st into chain 2 sp.

Row 2:

Chain 2, dc into each st around. Sl st into chain 2 sp. Chain 1 & cut your yarn.

Leg 2:

Attach your yarn & chain 1.

Row 1:

Hdc blo in each st around. Hdc in each st along crotch. Sl st into chain 1 sp. Chain 1, turn.

Row 2:

Repeat as many rows as you did for leg one.

Repeat leg ruffle rows 1&2.

RUFFLES:

Attach yarn to the first extended row, and surface crochet.

Row 1:

Chain 2, dc inc in each st around. Sl st into chain 2 sp.

Row 2:

Chain 2, dc in each st around. Sl st into chain 2 sp.

Chain 1 & cut your yarn.

Repeat ruffle rows 1 & 2.

*** I placed a ruffle in **every other** extended row. You can do the same, or if you want more ruffles you can do every extended row, or for less ruffles skip 2 rows in between ruffles***

WEAVE IN ALL ENDS.

****Optional****

Drawstring:

Row 1:

Make a chain long enough to go around your waist plus extra length to tie.
(EX: I chained 200 chains)

Hdc in each st back down the chain. Fasten off. Cut ends.

Use darning needle to weave the drawstring through the waist band.
Skip every 3-4 rows when weaving in the drawstring.

***Congrats! Your crochet bloomers are complete!!
