

Jolene

Granny square dress pattern

by: *MarieMadeIt*

Table of Contents

Terminology

DC: double crochet

SL: Slip stitch

SP: Space

Materials

Any yarn I used weight 4 acrylic

5.5mm hook or suggested hook size for yarn used

Measuring tape

Scissors

- **This pattern will consist of one measurement, this will be your hip measurement.**
- **Pattern will consist of 20 squares**

Measurements

Hip measurement = X

- **Divide your hip measurement by 4**

X divided by 4 = Y

Y= the measurement of each square

GRANNY SQUARES

Chain 4, sl into first chain to create a ring

Round 1: chain 3, 2dc into circle

chain 2, 3dc into circle

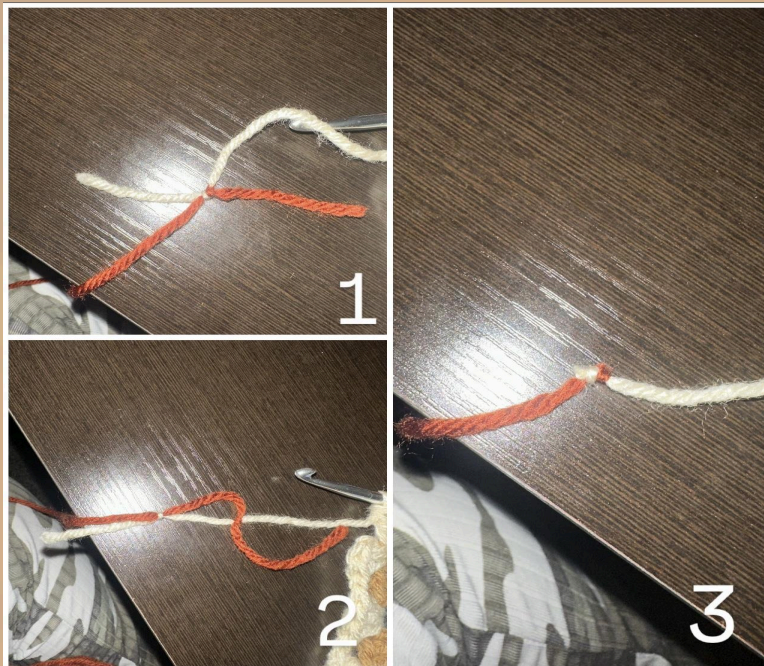

Repeat * 2 more times (4 times total)

COLOR CHANGE

You can change colors as many times as you'd like. I will be changing colors each row

Cut your working yarn leaving approx 3in

- Tie your new color to the 3in yarn from previous color.
- Now tie your previous color yarn to your new color. (see photos for reference)
- Pull tight so both knots create one knot.
- Cut excess yarn
- Chain 2 & sl into the first dc of the round

Round 2: chain 3, 2dc into same sp.

*chain 1, 3dc into next chain 2 sp.

Chain 1, 3dc into same sp.*

Repeat (*) all around

Color change again

Round 3: chain 3, 2dc into same sp.

*chain 1, 3dc into chain 1 sp.

Chain 1, 3dc into corner sp.

Chain 2, 3dc into same corner sp.*

Repeat (*) 3 more times

Continue this pattern until your square measures to your Y measurement.

(3dc, chain 2, 3dc into same sp. for each corner

Chain 1, 3dc in every chain 1 sp.)

*****For each square use main color for the last round.*****

SQUARE #2

Complete the same pattern we did for square one until you reach the last round of your square.

For the last row of the square you will continue the pattern like normal until you reach the first corner.

We will now start connecting our first squares together by using the connect as you go method.

- 3dc into the corner sp., chain 1.
- Insert your hook into the corner sp of the first square, sl the squares together.
- Chain 1, 3dc into same corner sp of square 2
- *Chain 1, sl into corresponding chain 1 sp. of square 1

Repeat (*) until next corner sp

- 3dc into corner sp, chain 1, sl into corner sp of square 1.
- Chain 1, 3dc into same sp.

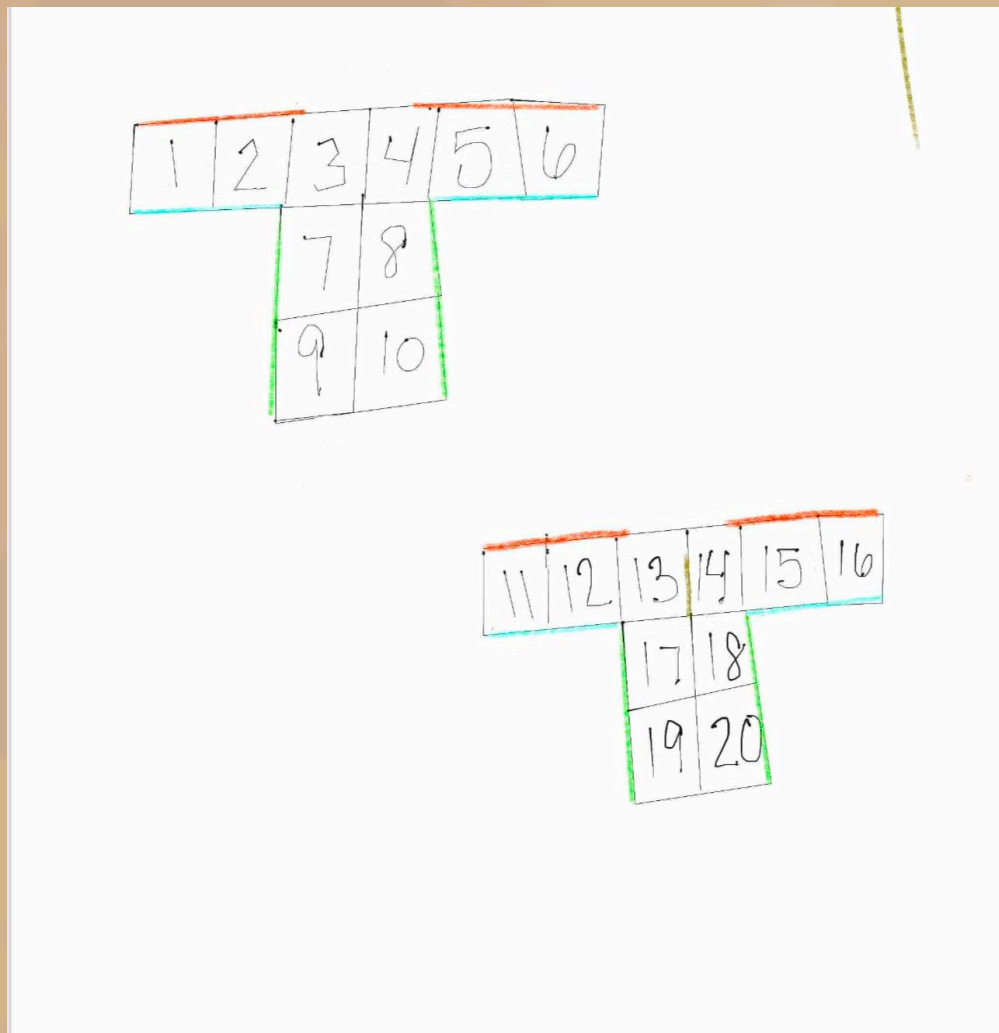

Now continue the rest of the square as normal.

Repeat these steps for all 20 squares.

This diagram will show the order of attaching your squares.

Sides are color coded with corresponding side. Matching colored edges will connect each panel.

V NECK

To create the v neck you will only connect part of the middle squares at the neck line.

I left a total of 4 chain sp unconnected.

- You can leave more or less depending on preference
- More unattached spaces will create a deeper v neck.

CONGRATS! Your Jolene granny square dress is complete!
I would love to see yours! Tag me in your photos!
