Fasten off, weave in ends.

ASSEMBLY

Using your darning needle and your main color yarn. With right sides together we will sew one side of each granny square to each side of our hexagon going through the back loops only. See photo.

With yarn still attached & With right sides together sew the sides of the two squares that are in the middle of your needle together. Fasten off.

You will now have to reattach your yarn for each square and fasten off after each.

Again with right sides together go around your hat sewing each granny square to the next until they are all connected. Should look like a bowl at this point., see photo.

Border

Chain 2 will not count as a st for the remainder of this pattern.

Attach yarn in any corner sp.

Row1: Chain1, Dec.

Dec in every st around. Skipping all chain 1 & chain 2 sp. Sl to first st.

Row2: Chain 2, dc in same sp & every stitch around.

Row 3: Chain 2, *fpdc in first st, bpdcc in next* *Repeat* ** til end. Sl beginning fpdc.

Row4: Chain 2, fpdc in previous fpdc, bpdcc in next* *Repeat* til end. Sl.

Repeat row 4 for a total of 3 more rows.

Fasten off. Weave in all ends.

If you'd like a thicker border you can repeat for more rows or for a shorter border do less rows. I did 7 rows total.

The border may feel a bit tight at first because of the ribbing however it will stretch. You can give it a light stretch and it should fit perfectly.

If you find your border is absolutely too tight, for row 1 of the border you can alternate between a scs, dec all around then continue the pattern like normal.
